London, 28th May 2015

To the attention of Dr. N. Farantouris
Director of Master's in Energy
International & European Dept., University of Piraeus

Dear Dr Farantouris,

We would like to cordially invite the Master's Program in Energy to join us at the 4th Annual Balkans, Black Sea and the Adriatic Oil & Gas 2015 Summit as a co-host and knowledge partner.

The event is taking place on the 23rd-25th September 2015 in Grande Bretagne, Athens.

This will be the fourth edition of a very high-profile meeting, the purpose of which is to gather all the major players of the oil and gas upstream and downstream industry to discuss the latest updates on licensing rounds, pipelines and investment opportunities in the Balkans region. The event has been very well perceived amongst the major oil and gas companies and has gathered more than 1,200 delegates in its previous editions.

We believe that working together will intensify the event's excellent program and will mutually benefit IRN and the University's Master Program in Energy. We would be delighted to promote you thoroughly on all material published; website (www.balkanssummit.com), brochure, printed ads, interviews, social media campaigns and many more.

We would be very happy to open stronger communication and cooperation lines to mutually benefit IRN, University of Piraeus and the program's students. We would very much like to invite this year's students at the event where they can meet the region's most important energy leaders, together with all Balkans ministries. The event will feature presentations given by more than 5 Balkans Ministries of Energy and Economy that have endorsed and fully support the event.

We are looking forward to your kind reply and thoughts.

Best Regards,

Ben Hillary
Chairman and Managing Director
IRN Ltd
UK and UAE

Chryssa Tsoufaki
Head of Oil & Gas
IRN Ltd
UK and UAE
